Letter of Recommendation

To Whom it May Concern

Hereby as a former Head of Department (2012 - 2018) confirm that George Ligeti, Ph.D; prepared and conducted workshops, especially trainings, in the period from 2012 to 2016 for our Doctoral Study Programme of Sociology at the Faculty of Social Studies.

He always gave a personal touch to the set of methods applied in these workshops, while providing high quality consultations also for individual students. I found the main advantage of his approach in its focus on the stage coming after finishing the Ph.D. research and completing the dissertation. This focus helped students to establish a wider than academic perspective on the whole of their career path as prospective researchers, teachers or leaders.

On the ground of his above outline competences I can strongly recommend George Ligeti, Ph.D. for cooperation to all those universities, which care for their students' career path and future wellbeing.

Sincerely,

Doc. PhDr. Csaba Szaló, Ph.D.
